

Stop the revenue leak from provider vacancies

Workready connects every step from position approval to billable provider in a single, intelligent workflow.

One platform. Four connected workflows.

01 Position Management

Gain visibility before vacancies impact revenue.

- Real-time position inventory and revenue impact
- Approval workflow automation
- Organization-wide visibility

02 Applicant Tracking

Accelerate provider recruiting.

- Extensive physician database search
- Candidate pipeline visibility
- Automated communications

03 Provider Onboarding

Get providers productive faster.

- Structured onboarding workflows
- Automated task management
- Compliance & expiration notifications

04 Credential Management

Keep provider readiness on track.

- License, DEA, NPI & CSR tracking
- Sanctions monitoring
- Automated renewal notifications

Workready brings every stakeholder and milestone together in one connected platform.

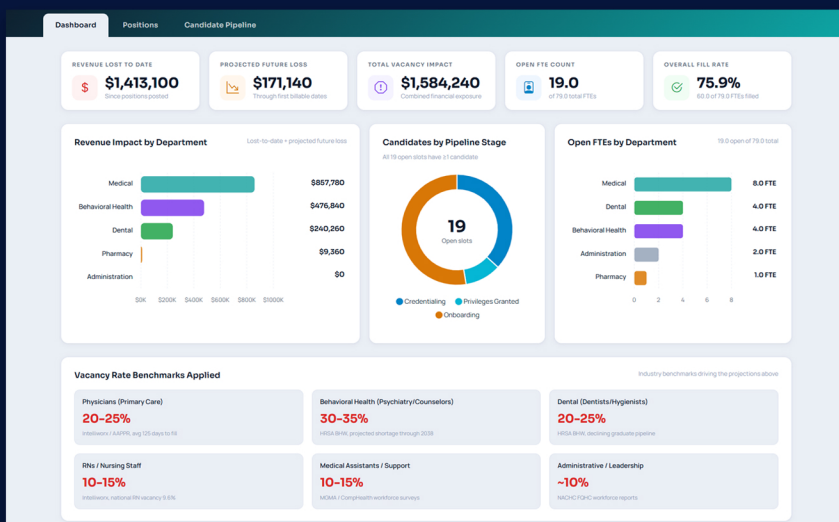

Real-time visibility across every stage →

Automated workflows and notifications →

Cross-department collaboration →
